♦ On being questioned Lewis says that these men, at least some of them, are delegates to the Democratic convention, although they registered as Republicans and voted in the Republican primaries.

♦ John Mana is the luna on the job and Lewis says he knows the politics of the men under him.

♦ C. W. Booth says the Democratic party is all bosh.

EDITORS VISIT THE PINEAPPLE FIELDS

When the California editors take the steamer for the return voyage, it is probable that some of them may have to their baggage labeled "Glass, handle with care," judging from the number of glasses of jelly, marmalade and sherbet they brought back with them yesterday from their trip to the pineapple fields of Wahiawa. As they prepared for their return from that place, each member of the party was given three jars of these sweets to take back with them.

The editors went out to Wahiawa at 1 o'clock yesterday on invitation of the O. R. & L. Co. to view the pineapple fields, and the trip proved to be one of the most interesting excursions that they have taken since they came to Honolulu.

When the party reached Wahiawa a large number of rigs were awaiting them, and they were taken all over the large pineapple fields and shown everything of interest. As they drove along they were loaded down with the finest of the pines. Afterward, after a photograph had been taken in one of the fields, the party was driven back to the cannery of Mr. W. B. Thomas and shown through.

Although the cannery was not in operation, enough could be seen to give the visitors a very fair idea of how the pineapples are handled and of how clean the process is. They expressed much interest in the special machinery used.

On leaving the cannery they went to the store, where they were refreshed with pineapples and cider. Before leaving for the train which was to bring them back to the city, each one of the party was decorated with a lei of Job's tears by the ladies of the colony, besides being given all the pineapples he could carry.

PORTO RICAN USES KNIFE ON SAILOR

Peter Barch, a Porto Rican of Iwilei, last night became filled with enthusiasm and a desire to smell human gore. He boasted that he was going to do up a hunk, and he made his throat good by drawing his knife across the face of Mike Salpou, a sailor from the Rosecrans, making a nasty slash from the temple to the chin and down onto the breast. The throat was also slightly cut. Salpou was sewed up at the Queen's hospital, where he was sent by mounted Police Officer Lane. His wound, while an ugly looking one, was not particularly dangerous and will not bother him long.

Lane arrested Barch and his companion Senor Parry and landed them in the local cooler, but not without considerable trouble. A crowd of sailors, learning what had happened to their comrade, gathered about the officer and his prisoners and uttered loud threats of lynching the latter. The officer had to fight them off in order to protect his prisoners from injury, but he succeeded in getting the Porto Ricans to the jail, where they were locked up.

Supervisors Work ONLY ON Routine Matters

The Board of Supervisors held a regular meeting last night, present being Supervisors Smith, Lucas, Cox, Moore, Archer, Paole and Dwight, Clerk Kikukalani, Eugene Buffandeau, Stenographer Ala. County Engineer Gere, Sam Johnson and reporters.

The following pay-roll demands were passed:

August—
Park keepers, \$5.75.
Road Department, \$178.40.
Koolauloa Road District No. 2, \$563.56.
Koolauloa Road District No. 2, \$228.63.

September—
Garbage Department, \$649.55.
Road Department, \$3415.92.
Koolauloa Road District, \$172.86.

The special police committee reported through Dwight, asking for further time, which was granted.

Lucas said he would not recommend the purchase of sprinkling carts. The price was too high and the need did not justify the payment thereof. The concrete bridge at Waikiki had been completed.

A letter was read from H. A. Wilder, stating that nineteen certificates for autos had been issued during the past two months. He called attention to the fact that many unlicensed chauffeurs were abroad, in direct violation of the ordinance.

Lucas said the Sheriff should be told to pull these people up. The matter was referred to the police committee.

The Grand Rapids Public Library wrote, offering to exchange the municipal documents of that city for those of Honolulu. Chairman Smith instructed the Clerk to answer, stating that there was no municipality here. Lucas suggested sending a copy of the County Act in Hawaiian.

The Hawaiian Pineapple Co. wrote that it would install a fire alarm box at its factory in Iwilei, which the board had promised to have connected.

Lucas moved that the communication from the O. R. & L. Co. regarding a land exchange at Pearl City be referred to the Superintendent of Public Works. Carried.

Moore asked what prices were being charged for the teams used on the Country Club road. Lucas said the price charged was a little above the actual cost, the surplus being to pay for the wear and tear. Moore said regular contractors' prices should be charged. Otherwise the County would compete with private contractors. One of these had already kicked.

"Well, he would kick if he went to heaven," said Lucas.

He went on to say that the road was a public benefit. The road would benefit the County as well as the club.

Parkkeeper Kikukalani asked that the Board instruct the public not to enter the Aala Park bankstand.

Moore said one could not expect to keep people out, when Kikukalani used the stand as a grand stand for baseball games. Smith stated he had been allowed by the Board to place chairs there and rent them. It was decided to post notices forbidding the use of the bandstand without permission.

Lucas said he had made arrangements with the owners of the new baths on Hotel street whereby they would put in the waste pipe from their tank if the County would furnish the pipe. Lucas said it would be a good proposition for the County as the pipe could be used as a storm drain, which was badly needed.

Moore called attention to the bad state of the unfinished part of Beretania street. Lucas said the road committee would look after the work, if the Board would furnish the money.

"I thought you intended to take the money from the police appropriation and apply it to the roads," said Smith.

"Go ahead; I'm willing," said Lucas.

At 8:45 the meeting adjourned, the next meeting being set for September 27th.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ansley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed."

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."

"—Mrs. Bessie Ansley, 611 South 10th Street, Tacoma, Wash."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ansley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.
